

Samford Museum – Australia Day.

Very Shiny Alpine of Steve and Linda Graham

There was an excellent display of vintage motorcycles. The oldest I saw was from about 1915. They were beautifully presented, and a credit to their owners.

The cars this year would have numbered about 100. A good representation from many clubs. We were captivated by the magnificent 1924 Hudson Tourer.

All in all I think it was a good day, and something different for our Club on Australia Day.

Lyle Elliott
